Application is hereby made for a water service connection (water main tap and curb-box) to be provided at the property indicated above.

Attached is \$ 2,200.00 as payment in connection to the referenced service fee.

I further understand that other Township fees, such as front foot charges and facility benefit fees, may be due for this property and payment obligations must be made with the Township Treasurer prior to permit issuance.

I acknowledge that I am responsible for hiring a plumber/contractor, at my cost, to obtain the necessary permit from the Township to extend the water service from the curb-box installed by the Township (by this agreement) to the building and coordinate with the City of Kalamazoo for inspection of same; placing the meter and turning on the service. The City can be contacted at (269) 337-8149.

Upon approval, the Township will execute a work order to its' contractor to provide this service. Work at each individual site will be substantially completed within 30 working days of written request for service.
