

## **Transfer Station Changes for 2017**

To compensate for increased disposal costs and keep the transfer station in operation, the rates for the transfer station will be increased for 2017 as follows:

1. Rubbish disposal - \$20 per cubic yard
2. Grass, brush, and leaves - \$10 per cubic yard
3. New transfer station card - \$20
4. Annual renewal of transfer station card - \$10

In addition to these rate changes, the transfer station will no longer be open on Tuesdays. The hours for Thursday (11am to 6pm) and Saturday (9am to 4pm) will remain the same. The pre-pay or "punch card" system will also remain the same, although the Township is continually looking for an alternative that will be convenient for residents while also protecting Township employees and assets.
